### mobile power supply

Flexible power supply station

mobile power supply - FLEXIBLE POWER SUPPLY STATION

## Power to go

Location-independent charging solutions are particularly important in agile work settings – for example, during conferences or in project and workshop rooms. With the mobile power supply, you can easily and quickly connect your mobile phone, laptop and computer to the power supply. The 4-port power point is integrated into a mobile holder made of PET felt and can thus be flexibly and easily brought to the workstation.

#### Colourful

Available in the PET felt colours light grey and anthracite, the mobile power supply blends in with every interior design. Other colours are also available for the base and the cable holder.

The base and cable holder are available in the colours clear white, white aluminium, black, cayenne red, fjord green and sand beige

#### Elaborate

The 4-way power socket outlet is available in three versions. It has a cable holder and a 5m cable. The convenient height makes the mobile power supply easily accessible.

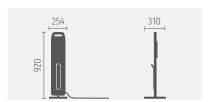

Possible outlet combinations:

- 4× powe
- · 2× power + 2× A/C charger
- · 3× power + 1× A/C charger

#### Compact

With its compact design, low weight and stable base, the mobile power supply takes up little space, has a secure stand and can be flexibly positioned.

Weight: approx. 6.4 kg, cable length: 5 m
