

yeah!

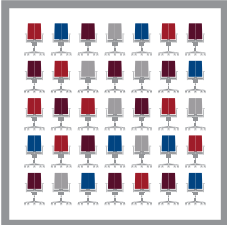

sedus

When one decision fits in with another and the adopted strategy wins through, then work becomes as easy as child's play. In uncountable variations. In so many bright colours. The yeah! family, from designer Michael Kläsener, brings a wealth of variety into the office and conference suite. With a swivel chair, cantilever chair or 4-leg model. With plastic or fabric backs. With outstanding value for money. A successful entry into a new office culture – **Place 2.5**

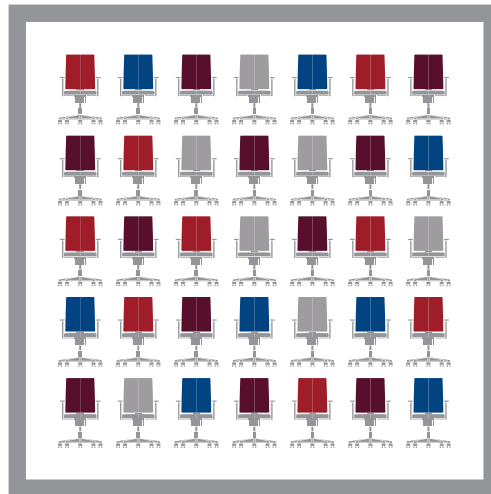

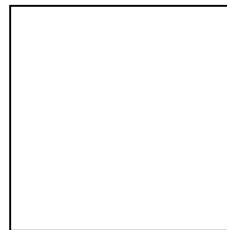

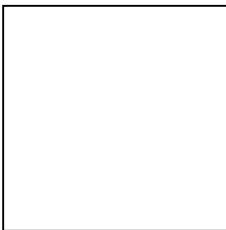

**Design flexibility.** Swivel chair, cantilever chair or 4-leg model. The yeah! family is adaptable. In one or two-tone upholstery. With 10 shades of leather, over 100 fabrics and 4 five-star base designs.

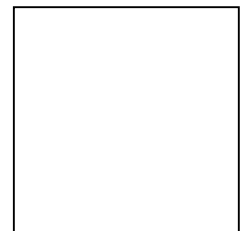

**Patented quick adjustment feature.** Small lever. Great effect. In this way, yeah! adapts to all sizes and weights in a matter of seconds. Perfect for multi-user workstations.

**“Similar” mechanism.** Encourages dynamic sitting thanks to the harmoniously coordinated movement of seat and backrest, while guaranteeing the user the greatest possible freedom of movement.

**Instructions for use.** Always there and ready at hand. The instructions for use can be relied upon whenever questions on the ideal setting of the office chair arise.

**Seat tilt.** With a four degree tilt to the front, yeah! offers optimal comfort. The seat itself can be extended by up to 60 mm.

Recyclability, quality and the timeless design of our products are a key part of the environmental protection philosophy at Sedus.
