

## Rothoblaas

**Architects: monovolume, Bozen**

Rothoblaas  
Kurtatsch / Cortazza  
(near Bozen / Bolzano)  
Etschstrasse 1  
Italy

Year built: 2005  
Furniture: **open mind**

Rothoblaas, a branch of a company in South Tyrol for carpentry materials, erected a building which is highly recognizable. A glazed south and west facade ensures pleasant lighting conditions in the foyer and in the single and group offices. Frameless glass panes separate the offices from the storage areas. The "transparent office" thus allows instant communication through eye contact.

All workstations in the administration area are fitted with **open mind** swivel and visitor chairs.
