

# Reference projects

## The Making of Your Magazines, documenta 12, project room archplus Design: onlab etc.

documenta 12  
Kulturbahnhof, South Wing  
Kassel  
Germany

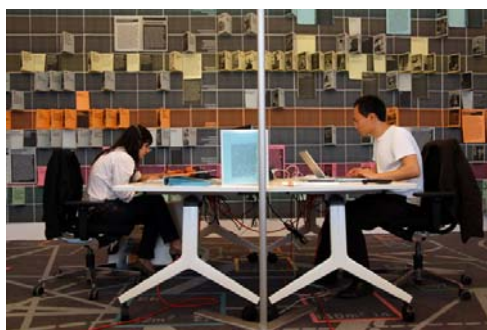

16 June – 23 Sept. 2007

Furniture:  
**relations, black dot**

In the office landscape, numerous components of the relations office furniture system were used, as well as black dot rotating chairs. Photos: © Fabian Lux (top, below middle), Onlab etc. (below, l and r)

For documenta 12 in Kassel, the architecture magazine set up an exhibition and project room, designed as an office landscape. During the exhibition, the room was used as an editorial department and venue for numerous specialist events. Visitors were able to sit down at a workstation, carry out research in the magazine archives and watch video films or talk to the editors.
