Sustainability down to the last detail

Sustainability and quality »Made in Germany« have been key company principles at Sedus for more than 50 years. Principles that Sedus *terri tory* also embodies and which are reflected in recycling-orientated product design, ecologically tested materials, resource and energy-conscious manufacturing and ongoing quality tests. This is why, for example, in the manufacture of the veneered *terri tory* fronts only selected woods such as beech, ash and oak from sustainable forestry are used. The jointless edge processing of *terri tory* is also worth it – for the eye and for the environment.
